La Louvière, January 15th 2006

Subject : Le Rêve, Wynn Resort, Las Vegas

Dear Mr. Mueller,

May 5, 2007 will mark the second anniversary of "Le Rêve", the acrobatic water spectacle created expressly for the Wynn Las Vegas. At its inception, Le Rêve's production values were state-of-the-art for its genre, and they remain so today.

Karajaal Design Aquatique Inc. was instrumental in providing part of the special water effects for "Le Rêve". This is a testament to your firm's ability to create and engineer solutions in a project that required "out of the box" thinking and flexibility.

The Dragone Company is appreciating your contribution to this renowned entertainment project, and on the basis of our successful 15- month business relationship, we are delighted to recommend Karajaal Design Aquatique to your future prospects.

We wish you continued success in your endeavours.

Sincerely,

P. 0
